2 Timothy 3:16-17

Iowa Lutheran Teachers Conference ***October 25-26, 2018***

Welcome! God says in 2 Timothy 3:16 that *"All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness, so that the servant of God may be thoroughly equipped for every good work."* May we as teachers of His Word, rely on Scripture for encouragement, strength, and guidance, knowing that it WILL equip us for the work we do for God's kingdom. Our hope is that this conference will help you to connect to our God in a stronger and more personal way and that God will use that connection to equip you with the tools you need to serve the children and families in your church and school throughout this year and well into the future. We pray that God uses this conference in a BIG way to make a difference in your life, the lives of your students and families, and to strengthen Lutheran education in Iowa.

IOWA LUTHERAN TEACHERS CONFERENCE

Gloria Dei Lutheran at Urbandale, Iowa
October 25 & 26, 2018

KEYNOTE SPEAKER

Professor Tim Schumacher is a Lutheran educator and technology integration specialist. The Minnesota South District of The Lutheran Church—Missouri Synod (LCMS) honored Tim as the Educator of the Year in 2003 as he was cited for his accomplishments as a classroom teacher, staff leader, and innovative educational technologist. He has had successful experiences leading and teaching at nearly every level of Lutheran education from elementary to secondary to university. Tim also has served as the director of adult ministry in a Lutheran congregation, and has been a consultant and presenter in a variety of educational settings. Prior to arriving at Concordia-Irvine in 2012, Tim had taught for 4 years at a K-12 Lutheran school in Western Australia.

Keynote 1: Thursday 9:45 am - God's Breath - We are children of a God whose mere breath gives life. From the creation and fall of the world to today, God continues to breathe life into a world that is condemned. His God-breathed Word – always relevant, always sufficient – calls us to faith and sustains us in our every vocation. How do we make the most of the opportunities to share this Word of Life with the students in our Lutheran classrooms?

Keynote 2: Thursday 4:15 pm - Thoroughly Equipped - Faithful to God's Word, we interpret life experiences differently than "the world." We see God at work in our everyday moments. Considering the Transfiguration story, how do we process those rare, but exceptional "mountain-top experiences" in our lives?

Keynote 3: Friday 8:30 am - Servants of God - As Peter learned, we weren't created to remain on the top of mountains. Life, with all of its goodness and all of its challenges, is lived in the valleys. It is through those valleys that our Shepherd's Word guides us, protects us, and inspires us to serve. How is God using our past experiences for future fruitful living?

THE FAB 5

(ADMIN)

Rob Cooksey

SECTIONAL #1B

I care greatly for and I'm concerned for the future of Lutheran Christian education. I learn by hearing about the work of others. I believe in modeling after success. I enjoy sharing what I learn.

In October 2017, I set out to talk with principals and school leaders, board members, and education executives from across the LCMS. I wanted to learn about perceived best practices in schools and across districts, based on both experience and observation. This presentation is a summary of the 5 major findings from my conversations.

Gracious participants number between 25 and 150. They come from across the U.S. The schools are large and small, young and old. They have a common characteristic of thriving, a subjective determination on my part. I asked participants to share their best practices or the best practices they saw others utilizing that were mission critical.

IDEAS FOR P.E. WITH A PURPOSE

(P.E./ALL)

Debbie Houchin

SECTIONAL #1D

My intent is to share as much information as I can to help teachers that were not specifically trained in physical education and yet are asked to teach it along with everything else. You need quick ideas that are easy to get out for a 30 minute, action packed, meaningful physical education class and probably at a low cost. I will encourage you to use what you have, try to be creative, and if you do have some money to spend, I will give you some good ideas of what to buy that has been helpful to me. Classroom management is somewhat different in physical education so I will share some of my ideas on that also. Evaluation I feel is very important so I will share several examples of rubrics that I have found easy and useful. This may be difficult to do in just an hour! I will do my best to meet your needs.

INTRODUCING HOPE FOR OUR HEROES

Around the world the men and women of the U.S. military are defending our freedom and helping to fight the war on terror.

Many of these soldiers, sailors, airmen, and Marines live in cramped quarters with other personnel, in very uncomfortable and challenging circumstances, working hard and putting in long hours every day — too tired to read a Bible, even if they have one.

The Military BibleStick reaches these service men and women, deployed in some of the most dangerous areas of the world, with God's Word in audio — It can go with them and sustain them in even the most difficult circumstances.

It contains the entire Audio Drama New Testament and selected Psalms chosen specifically for "warriors," yet it's only about the size of a pack of chewing gum.

Designed to military specifications for safe and discreet use in low-light conditions, it features a matte black finish and red-light-only operation — and runs on a single AAA battery!

Each service member who receives a Military BibleStick also has the option to request a free Audio New Testament or Kids Bible for family back home — although they may be separated from loved ones, they know they are listening to the Word together.

Military BibleSticks provide real hope for our heroes!
